

Full Speed, Fully Expandable

The Ultimate Scalable Central Storage Solution for the Video Professional

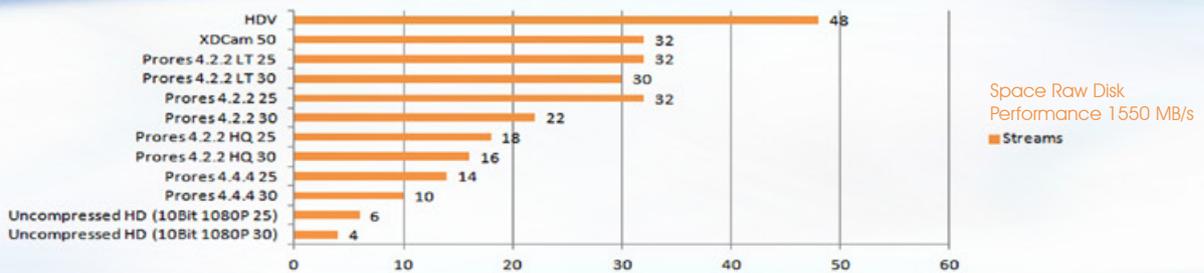

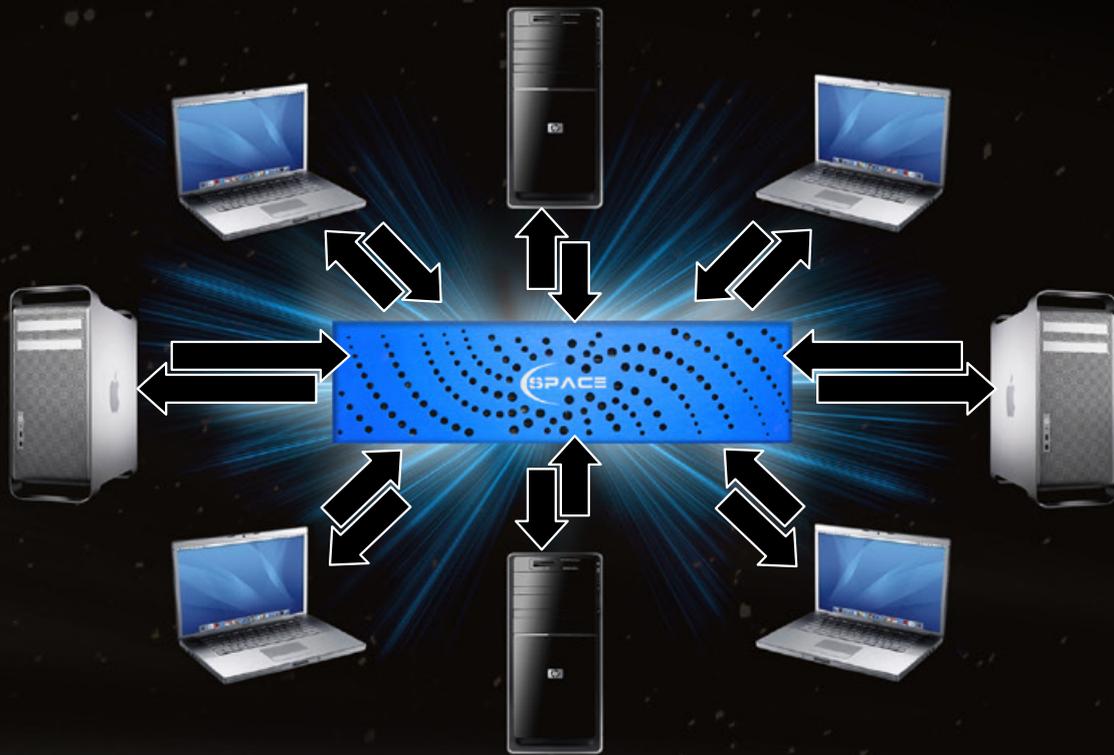

If you work in digital content creation you'll know the importance of centralised, reliable and cost-effective storage. That's why we've designed Space, created for companies working with high volumes of content and large workgroups. It's safe, fast and secure, and takes the pain out of high-end digital storage in a heartbeat.

Space is a completely open system and as you would expect works perfectly with any mix of Mac, Windows or Linux. We've made sure you can be up and running within an hour, so no costly installs or hefty IT support charges. And you can scale up your Space with the demands of your workflow, meaning you only ever pay for the storage you need.

The Detail

- Scalable: Available in building blocks of 16TB, 32TB and 48TB.
- Easy to connect: Space comes with four 1G Ethernet (GbE) ports which can be bridged for direct connections, or channel bonded to a suitable GbE switch.
- Expandable: Additional expansion slots allow you to add up to five more cards, for more directly connected clients as well as extra performance and capacity upgrades.
- Up to 12 optional 10GBE ports can be fitted for switch or client connections.
- No downtime background expansion with Space EX - up to 5 units per RAID card.
- No need for client licensing or software drivers.

Tech Spec

- Unit Dimensions - 490mm x 700mm x 3U
- Carton Dimensions - 680mm x 870mm x 390mm
- Unit Weight - 36.2Kg Shipping weight 51.2Kg
- Input Range 100 - 240 VAC, 50-60Hz
- Power Requirements @ Standby 33W
Requirements @ Full load 350W
- PSU Safety / EMC - USA-UL listed. Canada-CUL listed, Germany-TUV Certified, EN60950/IEC 60950-Compliant, CB Report, CCC Certification 80 PLUS gold certified
- Operating Temperature Range 10 - 35C, Non Operating range -40 - 70C
- Operating Humidity Range 8 -90% non-condensing
- Non Operating Humidity Range 5 - 95% non-condensing
- 3U rack mount form factor (round and square Rack mounts included)
- Sixteen 'hot swap' high performance 3.5" enterprise drives
- Ideal for larger workgroups
- RAID 6 operation for ultimate data protection
- Dual redundant 1200W removable PSUs
- Supports any mix of Windows, Mac and Linux clients
- No user licensing costs
- No client software to install
- Supports SPACE Echo data replication
- Easy to administer Expandable capacity and performance using SPACE EX SAS expansion
- 4 x 1G Ethernet (GbE) ports for client connections
- 2 x 1G Ethernet (GbE) ports for system administration
- 1 x IPMI Ethernet port for hardware monitoring
- 1 year advanced replacement warranty on PSUs and drives
- 1 year return to base warranty on other parts
