

“Ideal for Smaller Video & Audio Networks”

Up to 24 TB of near silent Central Storage

We realise that it's not just large broadcasters and multi-site post houses that place a value on cost-effective and high-performance storage. That's why we've introduced the Midi Space. It's perfect for small and medium size offices where you may not have a machine room to house all your equipment. It will sit under your desk allowing you to get up to 24TB of storage in a secure, compact and quiet environment.

The Midi Space is easy to install and doesn't require any new cabling or client adaptor cards. It can be up and running in less than an hour and you can use the additional expansion slots to increase the amount of Ethernet ports as and when you need them.

The Detail

- Connectivity: Uses standard 1Gb and optional 10Gb Ethernet.
- Optional redundant removable power supply units.
- Scalability: Four 1G Ethernet (GbE) ports with up to two more additional expansion slots available for an additional 8 direct connections. Or add up to four 10GbE ports.
- No need for client licensing or software drivers.

Tech Spec

- Unit Dimensions - 210mm x 500mm x 440mm
- Carton Dimensions - 310mm x 570mm x 600mm
- Unit Weight - 19.8Kg Shipping weight 21.3Kg (add 2.4kg for Dual redundant PSU)
- Input Range 100 - 240 VAC, 50-60Hz
- Power Requirements @ Standby 15W
- Requirements @ Full load 250W
- PSU Safety / EMC - USA-UL listed. Canada-CUL listed, Germany-TUV Certified, EN60950/IEC 60950-Compliant, CB Report, CCC Certification 80 PLUS gold certified
- Operating Temperature Range 10 - 35C, Non Operating range -40 - 70C
- Operating Humidity Range 8 -90% non-condensing Non Operating
- HD Compact desktop tower form factor
- Eight 'hot swap' high performance enterprise class 3.5" drives
- RAID 6 operation for ultimate data protection
- Dual redundant removable PSU option
- Whisper quiet operation - ideal for office workgroups
- Supports any mix of Windows, Mac and Linux clients
- No user licensing costs
- No client software to install
- Supports SPACE Echo data replication
- Easy to administer
- 4 x 1G Ethernet (GbE) ports for client connections
- 2 x 1G Ethernet (GbE) ports for system administration
- 1 x IPMI Ethernet port for hardware monitoring
- 1 year advanced replacement warranty on drives
- 1 year return to base warranty on other parts
